MSRP: \$139.99

White: 48W Green: 48W

ULTRA BRIGHT WHITE & HUNTING GREEN

Dramatically increase your odds of bringing home that big trophy with the green+white 2-in-1 light bar! The green beam has been designed to increase overall light output while decreasing glare in and on water activities. This light has also shown its effectiveness in all hunting activities. The green and white modes can be switched conveniently via quick double-push of the ON/OFF switch.

UPGRADE ACCESSORIES

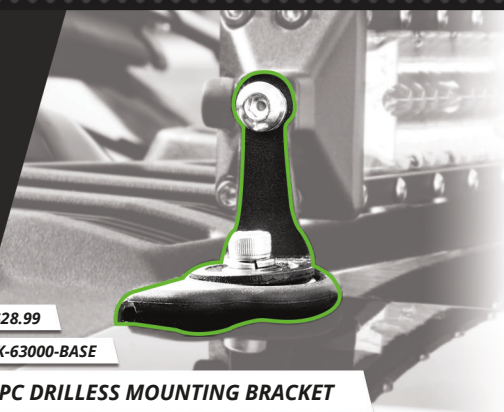

FLOOD & SPOT LIGHT COMBO LIGHT BARS

The flood and spot combo style light beam ensures both wide angle and long distance visibility. The ultra-thin side profile allows the light bar to be mounted to a number of new locations where traditional light bars cannot be mounted to.

XKCHROME

MOTORCYCLE, CAR, OFFROAD & MARINE

Designed and Engineered in USA - Patented

THE DESIGN

XKchrome is a revolutionary product that pushes LED lighting into a new era. Using the visually stunning, easy-to-use mobile app and bluetooth 4.0, you can customize everything at your fingertips. XKchrome utilizes various sensors in your phone to bring dynamics to the light. The Chameleon feature instantly changes your vehicle to whatever color you see. The Music Sync feature makes the light dance to whatever rhythm you hear. With XKchrome, the vehicle essentially becomes part of you and extends your self-expression into another dimension.

THEME

Over 15 themes included, plus advanced theme DIY creator.

FEATURES

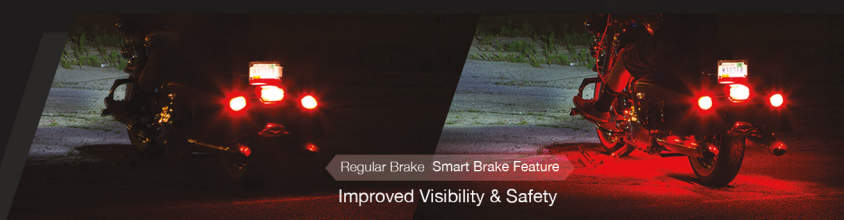

MULTI-ZONE

Each controller contains two independent zones that can run different colors/themes.

MUSIC SYNC

Sync light to the beat of your favorite music, played from your device or sounds picked up via mic.

GET THE APP

CAMERA

Capture colors with camera in real time.

SPEED

Sync light to the speed or acceleration of the vehicle.

RGBW LIGHT BAR

XKCHROME APP CONTROL

BUILT-IN XKCHROME CONTROLLER

BUILT-IN BLUETOOTH CONTROLLER

RGB and dedicated high power WHITE LED controlled intuitively through one XKchrome App. No complicated wiring. No hassle.

IP67 WATERPROOF

We integrated the controllers into the light bar itself to ensure battle-ready protection from the elements.
